Still looking for the perfect kit to fill your special needs? We have the capability to produce a custom designed kit. Our in-house marketing department and production oriented staff are ready to work with you. Select from an assortment of kits and basic items or allow us to work with you on your own unique design.

Minimum order for a custom kit with a ready label is 100 pieces. Minimum order for custom kit and label is 500 pieces.

Custom silkscreening is also available for our stock or custom kits (imprint area varies). Call for more details.

Custom Labels & Kits

The custom label program provides a full-size, uniquely designed spot or process color label available in four sizes and up to six colors. This program will furnish a high quality laminated label using a company's logo or design and is produced by our in-house graphics department.

Minimum order is 500 pieces. Refer to the price list or call us for more details and pricing.

Ready Labels

The ready label program is a means to provide labels at "no" extra charge. Pre-designed, full color labels with two substantial imprint areas allow for an attractive, effective product.
